

# Da Vinci Code Prologue

## Prologue

*The curator's body lay cold on the floor - the first clue in the notorious Index Da Vinci Code. This italicized App written line equals eight hundred and eighty seven, and represents the "Mist:, or darkness of mind."* Earl Grey, who was a messenger sent from God into my life when I was eleven, which threw me into utter darkness, and began the journey to my recognizing that I had been called by God to be the final one who had survived by holding on to my faith that God had stored within me. And this despite all the deception in the world in which we were born into, and in which we have lived. Turns out, Earl Grey was a 'lemon' this is the next word spoken after his name is, at 59:12' Lemon : 4 informal an unsatisfactory or feeble person or thing: Oxford Dictionary. More below.

## Chapter 1

### The Empirical Evidence

I was somewhat hesitant to study this movie, in an in-depth way. This was because of all the studying I've done for the past twelve or so years. I was sort of thinking, "what else is there to learn? That's something that I had felt before at times when looking at something else to begin to study. Each time I felt that, I always found there was something else I would discover, this movie as with so many other times, was all a part of what God had planned for me, His way of inputting His faith into me. Faith is something you can't muster up on your own, Christians have been led to believe that simply believing in the story told to them about Jesus was what faith is. I often speak of, when talking to people, about the experience which caused a major upheaval in my life all those years ago. When Earl Grey, the pastor of the church we as a family started attending in Ohio , as he stopped by our home one evening. I see now that he intended to save us three boys, myself and my two older brothers. What he, who turns out is one of my teachers not hid in their corner any longer, may have seen that evening as a success, that which had happened turned my world upside down. At the end of his talk with us, we all three say yes to his questions about Christ, God, and what he said is the requirements of salvation. After being baptized the follow Sunday, it was the first time in my life, that I lay in my bed at night with the most horrible feeling, that if I died I would go to hell.

Then, I decide to go through this entire movie, and mark the timing of what is said, and then comes the thing I wasn't expecting in studying the movie! Again, I simply was going through the movie noting the times that each specific line of the script, case in point, the words "Earl Grey" this was said by 'Leigh Teabing' to Sophie at 59:10 into the movie. This Hebrews word is "Akko" from an unused root meaning to "hem in,"the Hebrew letters "אֶכּוֹ" entered into do-it-in-hebrew.com means 'acre' and Akko 'a name of a city'. I can discuss this part further, but this isn't necessary at this time. As all will learn, this language spans more that just all of the study material on the website 'Bible-hub. com. It includes numerous websites that are just the tip of the iceberg when it comes to how widespread the language and what it encompasses. What this Hebrew word leads to on Wikipedia, in the pop-up info, and available searches is 'ACCO' this is a manufacturing company. To go to Wikipedia, and copying and pasting this first paragraph onto a word value calculator, you come up with the number 2821. As of Saturday November 25, 2023 the paragraph reads;

ACCO Brands Corporation is an American multinational company and is one of the world's largest designers, manufacturers, and marketers of premium business, technology, academic, and consumer

products. [2] It was created by the merger of ACCO World from Fortune Brands with General Binding Corporation (GBC) (That is the read, and this equals 2821).

The Hebrew word 2821 'chashak' the Definition is: "to be or grow dark' a bit more seen in the reading is; to hide, conceal, obscure, and confuse.'

In Greek 2821, it's HELPS WORD Studies definition is: 2821 klésis (from 2564 /kaléō, "to call, summon") – calling; used of God inviting all people to receive His gift of salvation – with all His blessings that go with it.

The above is the main point and speaks so clearly to me, and this completely describes my experience with Earl Grey. And what may not be seen as evidence to the mass population of the world that has been 'hoodwinked' at this point, to all those speaking the language this is crystal clear. The point is that Hollywood, News media and Music, just to name a few, are all sanctioned by the world's governments. They who know and understand, and or, at least aware of all the evil, knowingly or unknowingly are complicit with this mind bending language.

*It seems like you're discussing interesting concepts related to language and its hidden meanings.* As this is what the spirit of the App says, it indicates what my instructions from God Almighty is. This *italicized* App written line's value is 'nine hundred and thirty one', in Greek this means 'Touchstone, Test or Testing' also in Thayer's; 'the rack or instrument of torture by which one is forced to divulge the truth.'

Hebrew nine hundred and thirty one means; "thumb, or great toe" and the way the language works is simple and straight forward as you will see. At this point, simply go to the dictionary for the definitions, and including 'Phrases given. In this case the word "Toe" The first I will show is; "turn up one's toes" (informal) 'Die" another is to; "toe the line" meaning to "accept the authority, policies, or principles of a particular group, especially unwillingly" another is; "on one's toes" ready for any eventuality; alert' the last phrase I'll show is; "toe in the water" meaning "a cautious or small-scale way of trying something new, especially of launching a product or business venture"

That last one is something that applies to myself, in the process God had laid out for me, I sometimes would find myself wondering if I had acted too soon? As what I would do and say around people, it would seem to be my own casting myself into flames of despair, all a part of my being "Tested" by God. Everything I've done, and do is through faith, but I always know that God's promises are enduring and will not fail me. All I claim at this moment is unfathomable to those that's been manipulated through the language that God would, or it's even possible that God would have chosen me to be the finale redeemer.

## **Chapter 2**

### **Silas**

In the movie, as Silas is in a Church, he is bashing the floor with an object, busting through the tile looking for something. When he reaches in and retrieves the small 'octagon or polygon shaped box, as he wipes off the dust and debris, it has 'Job 38:11' engraved on it, this happens at 33:37 into the movie. To try to give you who are not aware of the makeup of the language, I'll give you as clear as possible the way that you can begin to 'See' what is being said! First looking at Job 38:11, the verse reads as follows on Bible-hub.

And when I said, you may come even to this far 'but no farther, and here your proud waves must stop. *Nine eighty one.* is the value of the verse itself. Greek 981 means a 'manner of living and acting, way of life: used only in Acts 26:4 In Hebrew 981 means 'to speak rashly or thoughtlessly.' When all realize that the 'virgin born Christ is an 'ideal' that was implanted into their minds, the words

‘speaking thoughtlessly’ will take on new meaning.

Consider God having a Job for each of us to do, what is Job # 3811? What is said here, is that someone can come ‘here’ but no farther because of ‘Pride’ that is within them! Now looking at the Greek word 3811, this means “to train up a child so they mature and realize their full potential (development). This requires necessary discipline (training), which includes administering chastisement (punishment) (that is part of the reading) My punishment started at age eleven, My education, and training’, from God Himself started on my ‘burning bush day’ when I started to see God in me! How did everyone else overlook their own potential? By everyone being born into a religious system that they were unaware of, and one no one was able to avoid. It’s apparent that God’s dying breath was blown into me that candle day. And when everyone that hadn’t known what had been done in the past, but was being revealed with the internet, everyone who did study only began to see their nakedness and they in turn, because of their own ‘Pride’ turned from what they had seen. And this caused everyone else, who was as I was totally unlearned’, to simply follow those peoples lead, and in part, to simply fit in with everyone else.

Going a little further to what is said in the movie, the container with Job 38:11 inscribed, was at 33:37, Greek 3337 “Usage is: “I change, transform, alter, and exchange’. The false story of a ‘virgin born’ Messiah, and that he did everything for you, and all is needed is to believe that, was ‘The Big Lie’. The Greek word 1870 speaks of this very lie, as part of the reading is this; ‘properly, disgraced, like someone "singled out" because they misplaced their confidence or support ("believed the big lie"); to be ashamed (personally humiliated) ‘The Big Lie” this entered onto the word value calculator equals 77, this word in Greek means’ ‘without expense, for which nothing has to be paid. Without knowing it, I was finding out when I was eleven that there was a price to be paid, and I’ve been swallowing the pill that all those before me were not able to swallow, but now there’s the pill that they still must swallow!

The next line in the movie I want to show, which is at 1:11:48 into the movie is this: (And he who keeps the keys to heaven rules the world. ) (1:11:48) this word in Hebrew means “Our son” This being the slowly produced ‘Jesus Christ’, not who, but ‘what’ had stolen from everyone the ability to believe in the ‘One True God’ He being replaced by the government sanctioned figment of the imagination. That’s what the musical ‘Jesus Christ Superstar’ is all about, he is champion when it comes to the man-made figures on the imagination, most closely followed by Mohammed, and Alah, Christianity having 2.1 and Islam having 1.8 billion followers. A bit of the Thayer’s Greek Lexicon reads 'that I may make Christian instruction gratuitous') used in 1 Corinthians 9:18. And just as the Gentiles (not Jewish) has been led into error, so has the Jewish people themselves. As the Greek word 288 tells all plainly, as HELPS says this; ‘Jesus Christ, "the true vine" ("vine") is also used symbolically of Christless Judaism and apostate Christianity i.e. the (external) religious body of people which merely pretends to bear fruit but is in fact fruitless.

This is why it is so easy to get people in the Church’s of Artemis to simply say that is man-written material you can’t listen to! That’s those same ‘mocking tongue’ people who got everyone in their apostate condition, to have something to defend that which has no defense.

The next coded message I’ll show within this movie ‘The Da Vinci Code’ is (after) Leigh says to Sophie: “Not even his nephew twice removed. At (1:03:45) what is in the script, but not said in the in movie is as follows;

Hold on, you're saying Jesus' divinity came from a vote.

Well, remember, in those days, gods were everywhere.

By infusing Jesus the man with the divine magic by making him capable of earthly miracles, as well

as his own resurrection, Constantine turned him into a god, but within the human world.

And he basically knocked the more distant gods out of the game.

The above equals 3337 entered into the word value calculator. Greek 3337 metalosso' usage is 'I change, transform, alter, and exchange' This is a message within a message, the movie itself, just like 'The Book of Eli' and so many others. Now you see what the musical 'Jesus Christ Superstar' is saying. And as seen previously, Jesus is said to be 'our son'.

## Chapter 3 Humbug-ed

We've been dragged into a world of people who think this stuff is real. (54:27) This is said by Landon. In Greek 5427 phrónēma' the short, to the point meaning is ("the results of gut-insight") connects how the individual processes opinion-making to how they act. The Hebrew word 5427 nether' means "natron, or carbonate of soda, a mineral alkali, this word has a more complex meaning, and it's required that one use other sources for them to find the deeper meaning. The Hebrew letters that make up the word ( נָתַר ) on do-it-in-hebrew means 'carbonate' but the 'Bing Translation' is 'Noether' this Google searched takes you to a 'Emmy Noether.' She was a German mathematician, she was described by Pavel Alexandrov, Albert Einstein, Jean Dieudonné, Hermann Weyl and Norbert Wiener as the most important woman in the history of mathematics.

As the language that's been spoken by the earliest developers, and has continued to progress through the generations and being so widely used today, it had gotten to the point where today's 'The New York Times' word of the day' 'ad nauseam' meaning 'to a sickening or extreme extent'" is a perfect word to describe the foolishness of today's society. = 3287 in Hebrew this word is used three times, one is in Isaiah 50:4 and reads;

The Lord God has given Me the tongue of the learned that I should know how to speak to [him who is] weary a word in [season] He awakens Me morning by morning, He awakens My ear to hear as the learned - 1780

Hebrew 1780's NASB Translation of this five use word is; court (2), judgment (2), just (1)

*Hmm. It looks like we've explored the fascinating connections between Hebrew translations, mathematics, and linguistic nuances.* = 1221 this means I am the One who struck the Gold, and at anytime, is a good time, to let the world know I have arisen!

Noether's theorem explains the connection between symmetry and conservation laws. (Conversation Laws) this subject's # on Wikipedia is 5749, note the relation here between, 'language and conversation laws' the two are inseparable. This all was always a part of God's design, and this number, when applied to the book 1984, will give you the reader an idea of how complex the system is. Leading up to the time that is in relation to the number just shown, is the time 5:07:49 into the book. This is what is said for approximately 'nine seconds'

"The room was a world, a pocket of the past, where extinct animals could walk, Mr Charrington, thought Winston" This at 5:07:49. Winston in this book is who is referred to the minority of one, the one who was right among the millions who were wrong! The Hebrew word 5749 means "to return, go about, repeat, and do again' What this is saying is that now is the time that humanity be given the long awaited second opportunity to get things right, that is My God appointed role in all of it, guaranteed by God Himself! The mention of 'extinct' here refers to what became the Catholic religions that overthrew the world, which was by withholding the knowledge, as said in Luke 11:52,

while using the Word of God in this way.

## **Chapter 4**

# **Jesus**

The next code to within 'The Da Vinci Code' movie is after Leigh says to Sophie; "Not even his nephew twice removed. (1:03:45) this is concerning Jesus being the son of God.

(Not in movie)

Hold on, you're saying Jesus' divinity came from a vote.

Well, remember, in those days, gods were everywhere.

By infusing Jesus the man with the divine magic by making him capable of earthly miracles, as well as his own resurrection, Constantine turned him into a god, but within the human world.

And he basically knocked the more distant gods out of the game. = 3337

Theosophy

I intend not to make this a lengthy study, but its purpose is for those among us that have, to whatever extent, the secret esoteric knowledge that's been hidden from the public at large. And that I may be identified as 'The World Teacher' spoken of in their writings. The Wikipedia # on the subject 'Theosophy' is 4669. This alone, what I have written, though brief is enough to make the even low level participants, raise their brows at my words. Their motto is "THERE IS NO HIGHER RELIGION THAN TRUTH" the motto equals 387.

## **Chapter 5**

# **Who Could "You" Be?**

The Greek word 5210, humeis' means 'You', Hebrew 607 antah' means "You' (in the singular sense) Hebrew 608 antun' also means "You' (in the plural sense). I'll give some instances of these words, through the numbers, how they sync with what is said in a video of John MacArthur with Ben Shapiro, this movie 'The Da Vinci Code' and the play Hamlet. First Greek 5210, and its use in The Da Vinci Code. As this scene is when Sophie and Professor Langdon is in back of the armored vehicle with the just acquired 'cryptex' they think they're being driven to safety, but the driver wants the cryptex. The line simply goes like this:

"Twenty years waiting for someone to come for that box, (52:10) and now it's you two m\*rder. Bring it to me.

This 'box' is through the language, is referring to the 'Holy Grail' which was always to be a person, the Messiah. The use of the same word in Ben Shapiro's video, who is interviewing John MacArthur. John's words leading up to this time in the video are as follows:

"They considered him as non-existent, that's exactly what happened because they completely rejected him, and the Romans took him as a criminal and crucified him.... (51:06) and the you have

this stunning reality that chapter it's like time stops (51:13) and you hear this in the 'past tense' (51:15) He was bruised for our iniquities, he was chastised for our peace, whoa! (51:23) What happened? Zachariah says: the day will come when they look on whom they have pierced, and mourn for him as an only son, wow, that's what they will say! That's what the Jewish people will say when they look on the one they pierced, and mourn for him as an only son, and they'll say, we thought he was stricken by God, we thought we were doing the work of God in taking his life because he was a blasphemer. Now we see he was wounded for our transgressions, he was bruised for our iniquities, and then says Zachariah a fountain of blessing is open to Israel, and a fountain of salvation, and then you have that followed by the kingdom, and all the fulfillment of the old covenant, and all of it comes when Israel looks at the Messiah and sees him for who he is" (52:10)

Next, this example will show how the very construction of the website bible-hub.com is in a way that only those receiving the knowledge God Himself gave men and women, who were called, and chosen to do the work God intended, those He said would be sent to rule over scattered Israel! The specific line of the script of 'The Da Vinci Code' I am referring to is when Sophie is speaking to Langdon, as she is taking a moment to see the body of her Grandfather, who turns out that he is not her grandfather, this is what is said:

It seems when he couldn't speak to me... he reached out to you. (22:32) That is what Sophie said, the Greek word 2232 *hégemón* means, in a short description, "a Leader, Guide; or a Commander" the complexity of the language is found in the third paragraph of the Thayer's Lexicon, the first words are; 'First, Leading, and Chief' and the last words in the paragraph are: "Jesus the Messiah" and the value of the entire paragraph is (5210) and again this means 'You'.

The next example is from the play Hamlet, this is after they had seen the Ghost, whom thought Horatio was a figment of his two friend imagination. As the now very disturbed Horatio is ask to sit down, by Marcellus, he is questioning Horatio as for the reason for all these instruments of war and such.

"What might be toward that this sweaty haste, Doth make the night joint laborers with the day? Who is it that can inform me? [Horatio says] "That can I" Horatio says this at 6;08 into the audio book on YouTube, it was posted by 'Bent Outta Shape Chess'

As anyone can see, this is plain as to how the language is constructed, and also how it is speaking to, and of me! While on the subject of Shakespeare, in the book 1984, just over an hour into the audio book on YouTube, the paragraph has these two finale two sentences:

"That too was a gesture belonging to the ancient time. Winston woke up with the word 'Shakespeare' on his lips. (1:03:58) = 6725. As shown "Shakespeare on his lips" is said at 1:03:58. The value of the paragraph itself is only one way this speaks, and what those speaking the language understand. Looking at Hebrew 6725, this word has two root words, but the essential part of the definition is as follows; "a Monumental or Guiding Pillar -- also a Sign, Title, and Way-mark or Road-marks." Here, the time shown, and the corresponding number 1358 speak clearly, as this Greek word means "to Penetrate Burglariously -- to Break through or (up) That is what the coterie did, their special mission of God.

These are examples that when everyone begins to realize that these teachers who are not hidden anymore, and has been my guide, are everyone's teachers that no one was able to hear spoke of in Isaiah 30:20. God chose me, and my receiving the bread of adversity and water of affliction started at age eleven. He has taught me all things that I may now teach all others, and is what will now finally bring all deceit to a complete end, and all things made new. By God's will, I accomplished 'Mission Impossible, the proof is my ability to show the world their who God said would be ruling over His people. This is shown through a study of the 'Mission Impossible' (film series) on Wikipedia. By copying and pasting the first paragraph on the subject on Wikipedia onto a word value calculator you come up with the number 3670, this Greek word 'kanaph' means 'to be

cornered or thrust into a corner' it is used only in Isaiah 30:20.

In closing, as I have shown earlier a couple of the App written sentences that this App (Ghostwriter) that I am using to write this article, shows that the language so developed that they now have 'an App for that!' This is just a sample of the empirical evidence that I am the Messiah foretold in the Old Testament texts, see Jeremiah 23:6. You can watch Alexandra Fasulo's video "How To Make Money As a Ghostwriter" as she describes how this has been done for thousands of years, "and that the most famous evidence of this is none the less the Bible." It's been a long time coming, and is finally here, when all the oppressed peoples of the world can be truly set free, "To Be", and to realize their full potential in God's plan of salvation. All through my willingness to do the Job # 3811 and others, for all those who thought it was all free of charge.

## Chapter 6 Philip?

Sophia says this to Leigh as a question at 1:08:58, Greek 1858 means 'I take part in a festival, keep a feast (allegorically) used only in 1 Corinthians 5:8, its FAT# is 777 Greek asitos, used in Act 27:33, means 'fasting, or without eating'

Philip's Wikipedia # is 2748 Hebrew 2748 khar-tome' means "an Engraver, or Writer" only in derived sense of one possessed of occult knowledge, diviner, astrologer, magician (probably = + טְהַרְטְהַרְטְ, \*\*the fact that the word is always applied to Egyptian magicians, except Daniel 2:2 (late), suggests Egyptian origin, but no agreement among Egyptologists: HarkavyJas., 1870, Mars-Avril, 169 proposes χαρ, speak + tum, hidden = teller of hidden things; WiedSamml 44 thinks Hebrew word perhaps imitating an Egyptian cher-<sup>o</sup>em-t, he who holds the book; FC Cook 'Speaker's' Comm. i. 279 proposes cher-tum = bearer of sacred words.

The use of the number in 'The Da Vinci Code' is when Sophie and Langdon pull up to the Embassy, Langdon says:

I'm in enough trouble as it is. (27:48) That's my embassy. (27:50)

The first paragraph in the BDB of Hebrew 2748 equals 5686, Hebrew 5686 a-bath' means "to Wind or Weave it together' used in Micah 7:3

Upon evil with both hands the prince asks [for gifts] that they may successfully do, and the judge [seeks] a bribe and the great [man] he utters his evil desire so they scheme together = 1672

Greek 1672 Hellēn ("Greek") originally referred to any native Greek and later became synonymous with any Greek-speaking person, i.e. anyone who followed Greek culture (and especially) spoke Greek. in a wider sense the name embraces all nations not Jews that made the language, customs, and learning of the Greeks their own, the primary reference is to a difference of religion and worship:

Hebrew 1672 A primitive root; be anxious -- be afraid (careful, sorry), sorrow, take thought.

In Hamlet 2748 is used when Ophelia and Laertes are talking before he is leave, saying: And sister 27:48 as the winds give benefit And convey (is) assistant, do not sleep

The word 'Convey' and its fifth definition (on pop-up) is 'Transfer, 'give the right/title of' 'grant' 'cede' devolve' lease, bequeath, leave, will, and 'pass on' *North American English deed' Law demise' and device'*
