

This concerns the education system. In all of my writings I explain how authors of books have been using the Word of God in formulating what is written. What they do influences, in a negative way, people's mind and thoughts that read, and or learn from the books. I was at my son's house in 2021 I think it was, I was in my two granddaughter's room visiting and noticed their schoolbooks they had brought home for study. I picked one up and thumbed through one and seen reading concerning Greek mythology. I took four pictures of the two pages that I looked at with my iPhone, but not the cover of the book itself. At that time, I was getting more and more familiar with the use of God's Word in mostly music videos, and movies. I was aware it was done in books, at any rate the I didn't get enough information that day, that I could find the book on my own. I say on my own, because the next school year was when I got in touch with the school to borrow a copy of the book so I could study it concerning the Greek mythology being taught to our children. I saw quickly being given the runaround, that I was going to have a hard time getting the book. I went to the Board of Education in Jackson County Kentucky after I saw that the school wasn't willing to let me borrow a copy. I then discovered that the Jackson County court clerk's office wasn't willing either, as Doris Ward suggested I go the the Board of Education, only for me to arrive there with officer Weaver of the Sheriff's Office waiting. He prevented me from entering, because obvious to me, the Clerk had called the police to hinder me from information I had a right to receive. The upcoming reading is on one of the pages in the photos and the study afterwards is another thing you need to consider besides what I've already said.

First there was chaos. From chaos sprang Earth and Heaven. From them came the race of Titans; two of them, Cronus and Rhea, seized power and ruled over all. Their son Zeus overthrew them. Then he and his brothers divided up the world: to Zeus went the heavens, to Hades, the realms of the dead, while the seas and oceans went to mighty Poseidon, who promised to guard the waters with care.

The above first paragraph when copied and pasted onto a (word value calculator) equals 3592

Greek 3592 means "this" (referring to what is present)

Hebrew 3592 means 'shield, spear, and target' its root word 'kid' a Hebrew word that means 'Misfortune, and decay' it's from a root meaning to "strike": also "a crushing"; figuratively, calamity -- or destruction.

Again note, in the Greek words meaning (referring to what is present) As it says, Zeus overthrew Cronus and Rhea, and he and his brothers divided up the world. Then the Hebrew words meaning 'Calamity' can be seen as what this is referring to.

Below is the second paragraph on the same page of the schoolbook;

Floating on one of Poseidon's emerald seas was a small rocky island. Few visited its shores and no one bothered to give it a name. But the sun rose warmly over it each morning and set sleepily behind it every night. 2017

This equating 2017, in Hebrew it means 'perversity, and turning of things upside down.' In Greek 2017 means 'I shine upon, give light to. properly, it means "to shine on, i.e. in a suitable (apt) manner.

The other two pictures are on page 500, in Greek 500 means 'anti-Christ' this may not be alarming, yet this pattern is a part of this complex language and won't go on any longer than it was destined to.

People you know in churches, schools, places of work, the governments, and strewn throughout every part of society are aware of this evil system. The Jackson County Court Clerk, Doris, or someone in her office, seems to be the cause of my daughter's calling the appropriate people to have a judge commit me to a mental hospital for my filing for a judge to allow me to change my name to Yahweh. I only say this to make a point. Wouldn't it be something to find out that the judge that allowed me to be taken to a mental hospital, and possibly knew that the virgin birth story of Jesus was simply a made-up fairy tale.

I had a phone conversation with Melanie Philpot, principal of Tyner Elementary school where my granddaughters were attending and brought the book home that day. I sent the pictures to her, and she told me that they haven't had those books in question in some years now. This was not true because it was only a few months, the prior year that one of my granddaughters brought book home. In her words to me, she concluded that it would not be possible that I retrieve the book. (Below is one paragraph of Mrs. Philpot's 'Principle's message' on the Tyner Elementary website.

I will initiate and lead programs to provide clear, concise information both internally to professional staff and externally to students, parents and community stakeholders. My belief is that students make choices, and most of the time there are natural consequences for these choices. They should be held accountable in a consistent and fair manner. = 3340

As you see the total of this paragraph 3340 in Hebrew through its root words this means "of what is framed in the mind, imagination, device, a steadfast purpose (or frame of mind). (In Late Hebrew רצון is common in sense of impulse: of good and bad tendency in man.

The Greek word 3340 mean 'to change one's mind or purpose' particularly with reference to acceptance of the will of God.'

On July 19, 2023, I had brief talk with Sheriff Daniel Isaacs, officer Weaver, and officer Collins outside the old courthouse in McKee. The Sheriff asked what can we help you with? I actually wanting to talk to officer Weaver about the day at the Board of Education, I wanted to see if he would share his thoughts on why Doris Ward had him dispatched to prevent me from entering. Into our conversation they began to 'trifle with' me, talking in different directions, avoiding what I wanted the talk about. Officer Weaver said he didn't have time to talk, and wouldn't later that day either, his attitude told me he didn't want to at any time. I have to give officer Weaver the benefit of the doubt, as with anyone else, as to him not being aware of all I say about how the books and how they are meant to warp children's minds.

I told them something they already knew that a grandparent has the right to see what is being taught to their grandchildren, as well as go to the board of Education it being public property. Officer Collins then said to me, "it's public property, but not everyone has a key." The sheriff said that if they don't want you there, they have the right to forbid it. I called Mike Smith who is Superintendent within a couple days after this, and asked if there was a problem with me coming there, he told me, "You've been here a couple times, you never have caused trouble, I see no reason you can't.

You see the point of all this? Officers sworn to uphold the law, making their own laws up as they see fit. People among those that don't know the truth throughout society, have, or are allowing their neighbors to be hoodwinked and lied to, including in the church. They can't prevent me from showing the world all the lies, my God given right and duty. How those in big government, down to the governments of the small towns like McKee Kentucky, have accomplished what their lot in life was.

I have only one thing in mind, and that's to bring an end to the spiritual war that has been going on from the time man has put on the earth. I submit this as a sworn testimony, that cannot be denied by the people who are in power, that's been controlling the narratives that have shaped how things are at this present time in the world. I have evidence of all I say, and the answer to my granddaughter Brooklyn's question "What generation are we living in?" It's the one that had been storing up in their hearts and muscles the power that would overturn the world. This is described in the book Nineteen Eighty-Four.

*Job 5:13 *He catches the wise in their own craftiness, and the counsel of the cunning comes quickly upon them* = 952*

Greek 952 "permitted to be trodden' refers to people unfit to access (know) God, because they approach Him apart from Faith.' Hebrew 952 'To make clear, Explain.'

1 Corinthians 3:19 *For the wisdom of the world this is foolishness with God, for it has been written [He is] the [One] of them catching the wise in the craftiness = 1322*

In Hebrew 1322 means 'humiliation, or shameful thing' in Greek 1322 means 'established teaching, especially a "summarized" body of respected teaching (viewed as reliable, time-honored)

I will have revisions on some of these writings, in the meantime think of what is shown here.
