

Education

Chapter 1

Education helped do all this

In all of my writings I try to explain, for instance, how authors of books use the Word of God along with the Strong's Concordance numbering system in formulating what is written. Included are written scripts for movies, TV programs, radio programming, and songs are all formulated this way. What those in this group of writers create by using God's Word this way has negatively influenced people's minds and caused them to view God in an unrealistic way. It has especially had this negative influence on the people who were unaware that this has been going on that have consumed into the mind these writers finished product. As it stands, all of my life I had been forced to consume what these hidden teachers were feeding me, along with everyone else who didn't know. I asked God to show me what was wrong and he let me see, here's what I see happening in the education system.

One day at my son Eric's house I walked into my two granddaughter's room and noticed schoolbooks they had brought home from school. I thumbed through one of them and saw some Greek mythology, so I took four pictures with my iPhone. Later I study what I has seen and wanted to get that same book to do more study. I couldn't have known that I would have trouble in getting the book later from the school, but after summer break I got in touch with the school to borrow a copy and was being given the runaround, I then realized that I was going to have a hard time getting that book.

I tried the Board of Education after I saw that the school wasn't cooperating with me but they were no help either. I then went to see Doris Ward the County Court Clerk to possibly file some sort complaint with the court, she suggested I go to the Board of Education. So I think 'well it couldn't hurt to try again, so I go back and when I arrive officer Weaver of the Sheriff's Office is there

waiting for me. Weaver and another State Police officer who showed up, prevented me from entering. So the Clerk's Office had called the police who obstructed me from getting the information I had a right to receive. Now I will show the reading on Greek mythology from the schoolbook, as it read;

First there was chaos. From chaos sprang Earth and Heaven. From them came the race of Titans; two of them, Cronus and Rhea, seized power and ruled over all. Their son Zeus overthrew them. Then he and his brothers divided up the world: to Zeus went the heavens, to Hades, the realms of the dead, while the seas and oceans went to mighty Poseidon, who promised to guard the waters with care.

What's shown here when copied and pasted onto a (word value calculator) equals 3592. This Greek word's definition on biblehub.com is "this" and it is (referring to what is present) The Hebrew word through its root words means 'Misfortune, decay' and to "strike" figuratively it means calamity and destruction.

Below is the second paragraph on the same page of the schoolbook;

Floating on one of Poseidon's emerald seas was a small rocky island. Few visited its shores and no one bothered to give it a name. But the sun rose warmly over it each morning and set sleepily behind it every night. 2017

This one equals 2017, in Hebrew it means 'perversity, and turning of things upside down' In Greek 2017 means 'I shine upon, or I give light to, and "to shine on, i.e. in a suitable (apt) manner.

The other two pictures are of the other page, page 500, in Greek 500 means 'anti-Christ' this may or may not be alarming, but this is the pattern of this complex language.

Can you see how this is describing the current state of things in the world? This is one way the mocking language is spoken. And in all of my writings I am trying to in a suitable, apt manner reveal all that God has shown me.

Chapter 2

Officially good for bringing to naught

Doris Ward and all others I name here has the right to refute the things I say here, but they need to explain their unethical behavior. I went to Doris Ward's office January 2, 2024 to see about filing a petition, I was trying something that possibly could ignite conversation. I asked some questions to see what type of petition I would file, I was just there learning what I would have to do. Near the time I was about to leave, officer Collins of the Sheriff's department came in and told me I needed to finish my business because 'they' wanted me to leave. He started questioning the lady helping me and she explained we had decided that I needed to do some research before I was ready to file, he then asked for me to leave again. I hesitated for a minute, I said "who is it that said they didn't want me here?" He said, "they were ready for you to go." I said 'you could tell that?' He said, 'yep, I got a phone call, they said they were ready for you to go.' I said, 'Okay, then left.

Many people around you know that the virgin birth story of Jesus was simply a made up tale. In 2022 I had filed papers to have my name changed to Yahweh Our Righteousness, and apparently the Clerk's Office again as far as I can tell, called my daughter and she managed to have a judge commit me to a mental hospital for filing the papers. And I know that from my daughter's point of view she really thought I needed to be hospitalized. It wouldn't be a surprise though, to find out that the judge that gave the court order to have me hospitalized knew that the virgin birth story was simply that made up tale. If that is the case she would have had to side with the opinion of my daughter who believed that which the judge herself knew was an old wives tale and thus helping maintain my daughter's and everyone else's induced ignorance.

I had a phone conversation with Melanie Philpot, principal of Tyner Elementary where my granddaughters were attending when one brought the book home that day. Mrs. Philpot had seen the pictures I sent to her, and in our conversation she told me that they hadn't

had those books in question in some years now. This was not true because it was only a few months, the prior year that one of my granddaughters brought the book home. She concluded that it would not be possible that I retrieve the book. (Below is Mrs. Philpot's 'Principle's message' on the Tyner Elementary website.

I will initiate and lead programs to provide clear, concise information both internally to professional staff and externally to students, parents and community stakeholders. My belief is that students make choices, and most of the time there are natural consequences for these choices. They should be held accountable in a consistent and fair manner. = 3340

As you can see the total of Melanie's writing is 3340. The Hebrew word references "of what is framed in the mind, or imagination, a device, with a 'stedfast purpose (In Late Hebrew it's in sense of impulse: of good and bad tendencies in man. The Greek word means 'to change one's mind or purpose' particularly with reference to the acceptance of the will of God"

Just as the deception has caused an unrealistic view of the world by those who are unaware of the language, it didn't leave those using and speaking it untainted, God had a purpose. I'll only give one example of the most depraved usage of the language, it's the eulogy of George Floyd, given by Al Sharpton. I studied the CSBN video and soon learned that it was formulated scripted, and edited in the technique of the language. This means I am accusing Al Sharpton and CBS News of being complicit with the murder of George Floyd. (Now more about the schoolbook.)

On July 19, 2023, I went to the Jackson County Courthouse to talk to officer Weaver about the day he was waiting for me outside the Board of Education. I needed to see if he would share he's thought on why Doris Ward the Court Clerk would dispatched him to prevent me from entering the Board. And if he felt the least bit suspicious of why a County Court Clerk would request that he obstruct the right which he knew I had? 3971

But I ended up having talk with not only officer Weaver, but also Sheriff Daniel Isaacs, and officer Collins outside the old courthouse in McKee. The Sheriff asked what can we help you with? I tried to explain to them the experience of the Court Clerk and officer Weaver, and they began to trifle with me talking in different directions avoiding what I wanted the talk about. Officer Weaver said he didn't have time to talk and told me he wouldn't later that day either. His attitude told me he didn't want to talk to me at any time. Even though in the same conversation said to me, "we're men right" I told him if you're not willing to talk we could debate that." 5943.

I was telling them something they already knew, a grandparent has the right to see what is being taught to their grandchildren, and that the Board of Education is public property where parents have a right to go. Officer Collins said, "it's public property but not everyone has a key." The sheriff added, "if they don't want you on their property, they have the right to forbid it." I called Mike Smith the Superintendent within a couple days after this and asked if there was a problem with me coming there, he said you've been here a couple times, and never caused any trouble, and seen no reason why I couldn't. It's only right that I give people the benefit of the doubt as to their knowledge of all wicked things going on. Everyone knows something is terribly wrong in the world, but it's not always immediately apparent if someone is a tare or a wheat. 7966.

Hopefully you see the point of all this? Officers sworn to uphold the law, are making their own laws up as they see fit. People among those that don't know the truth throughout society, have, or are allowing their neighbors to be hoodwinked and lied to, especially in religion. The tares are my teachers, and they can't stop me from showing the world all the lies that they have carried on like those people in the past before them had produced. **That is my God-duty and well earned right** It's how God used the world powers through history with help of the dispatched tare to accomplished what their lot in life was.

I have only one mind, and that's to bring an end to the spiritual war that has been going on from the time man has put on the earth. I

submit this as a sworn testimony that cannot be denied by the people who are in power that's been controlling the narratives that have shaped how things are at this present time in the world. I have evidence of all I say, and the answer to my granddaughter Brooklyn's question "What generation are we living in?" It's the one that had been storing up in their hearts and muscles the power that would overturn the world. 5245. This is described in the book Nineteen Eighty Four.

Job 5:13 He catches the wise in their own craftiness, and the counsel of the cunning comes quickly upon them = 952 Greek 952 means "permitted to be trodden" refers to people unfit to access (know) God, because they approach Him apart from Faith' The Hebrew word means 'To make clear, and Explain'

1 Corinthians 3:19 For the wisdom of the world this is foolishness with God, for it has been written [He is] the [One] of them catching the wise in the craftiness = 1322 In Hebrew 1322 means 'humiliation, or shameful thing' in Greek it means 'established teaching, especially a "summarized" body of respected teaching (viewed as reliable, time-honored)
